Dear **Mr. Lawrence P. Schmidt**,

On behalf of the Faculty of Pharmacy, I would like to express my sincerely recognition to your Excellence Award towards an outstanding student in Pharmaceutical field. This graceful activity helps obviously promoting the goodwill competition among Cambodian students and brings us the constant prosperity and sustainable success.

After a careful selection, we found an outstanding student of the academic years 2007-2011, **Miss HENG Sokrasmey**, who got the highest academic scores and was always the good example student during her study toward others in the same promotion.

Finally, I would like to thank the effort of **Sam Relief Foundation** who always supports the education field for Cambodian students.

I am looking forward to receiving more scholarship fund in the future.

Best regards,

Prof. TEP Rainsy
