Dear Susan Donnelly:

From all of us at Angkor Hospital for Children (AHC) we would like to thank you for your contribution of US$ 200 to the Sam Relief fundraising efforts this year again. You have helped to provide rice with other donors with a total value of $3,500 from the Sam Relief fund.

Angkor Hospital for Children (AHC) opened its doors in 1999, and on that first day, AHC treated just seven children. Fifteen years later, AHC has treated more than a million children and is the leading non-profit pediatric teaching hospital in Cambodia. AHC has grown into a thriving, compassionate hospital built by donors and volunteers who come from every corner of the globe. AHC could not have grown into a successful pediatric hospital without the generous support from individuals, businesses and foundations. Through donations of time, funds, goods and services, more Cambodian children have been given the chance to build a thriving and successful future, which will benefit them, their families and their country.

Thank you again for your compassionate support. Should you have any questions about AHC please do not hesitate to contact Andrea L. Richardson, Director of Development at andrea@angkorshospital.org. We hope that you will continue to partner with us in our vision that all Cambodia children have access to quality medical care wherever they live and regardless of their ability to pay.

With warm regards,

Dr. William Housworth, MPH
Medical Executive Director
Angkor Hospital for Children

Dr. Ngoun Chanpheaktra, DTMH, DCH
Deputy Director
Angkor Hospital for Children
